

# A FREE EDUCATIONAL DAY ON: SEED CLEANING, SEED GERMINATION & POLLINATORS

## Part II of Propagation Series

**SATURDAY, JULY 23rd**

**11:00 AM—2:00 PM**

**POINT REYES NATIONAL SEASHORE ASSOCIATION'S  
Morgan Horse Ranch**

This is an opportunity brought to you on behalf of a collaboration between the Point Reyes National Seashore, the Marin RCD and the Point Reyes National Seashore Association. Together they are initiating a volunteer-based nursery program to support resource management at the Seashore. The nursery will be a native plant nursery supporting the range and vegetation management programs in the Seashore and restoration in the overall Lagunitas Creek watershed.

*In This Month's Class, Charlotte Torgovitsky with Home Ground Habitat Nursery Will:*

- ◆ *TEACH us about seed dispersal mechanisms, pre-germination seed treatments, the world of pollinators and how to clean various seeds*
- ◆ *PROVIDE ACTIVITY OPTIONS such as join participants on a walk along the Bear Valley Trail to collect seed OR clean seed for nursery operations*

**LOCATION:** Morgan Horse Ranch is accessible at the very end of the Bear Valley parking area, at the pedestrian entrance to Bear Valley Trail, and past the Bear Valley Visitor Center. A sign indicating "Morgan Horse Ranch" is posted at the bottom of the hill.

**PLEASE RSVP with Marc Matheson  
Volunteer Coordinator with  
Point Reyes National Seashore Association at  
Volunteer@ptreyes.org (415) 663-1200 x 310**

**Light refreshments will be provided**
